

# The Mobile Digital Library Reference Guide

## Pairing with your Institution

If your institution has subscribed to the American Accounting Association's Digital Library, you can access our content through your mobile device from any location. All you have to do is pair your device with your institution. These instructions will show you how to do that—and you'll have access for 30 days. After that, just re-pair your device, and you'll continue to get all of the full text content that you need!

### Automatic Pairing

If you access your institution's electronic resources over a Wi-Fi network pairing is automatic when you visit <http://aaajournals.org> on your device.

### Manual Pairing (for users off campus or without Wi-Fi access to electronic resources)

1. From a desktop, laptop, or mobile device log in to your institution's network for access to electronic resources (subscribed content).
2. Click or copy and paste this link into your web browser: <http://aaajournals.org/page/about/mobile>
3. AAA Digital Library Registered Users log in OR New Users register for an account. Your unique pairing code will appear on the next screen.

The screenshot shows a web browser window displaying the American Accounting Association's mobile device pairing page. The page title is "American Accounting Association - Register to access content from your mobile device". The URL in the address bar is "http://www.aaajournals.org/action/mobileDevicePairingLogin". The page features the AAA logo and the tagline "Thought Leaders in Accounting". Below the header, there are navigation links for "AAA Digital Library", "Browse Publications", "Information for Authors", and "Help". A search bar is also present. The main content area contains instructions for pairing a mobile device, followed by two registration forms: "Registered Users" and "New Users".

To access your organization's content from your mobile device, pair your device as follows:

1. If you have an account, enter your user name and password below. If you are a new user, enter your email address below.
2. Click "Obtain Pairing Code" and make a note of the case-insensitive pairing code that displays, which is valid for 5 minutes.
3. Visit the site on your mobile device, tap the **Settings** icon, and select the **Device Pairing** option.
4. Enter the pairing code and tap **Verify Code**.

Your mobile device will be permanently linked with your account. It will also be paired with your organization for 90 days, after which you will need to pair your mobile device again.

**Registered Users**

4. Here is the pairing device screen:

## Pair Mobile Device

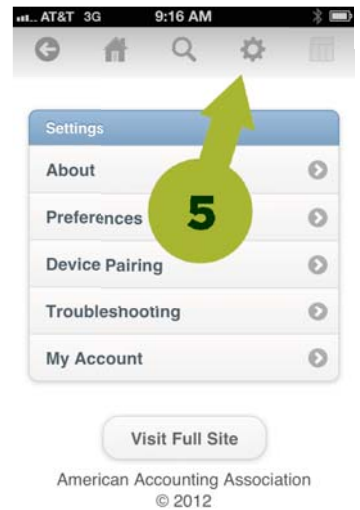

Enter the following pairing code into the mobile app:

**7 1 a k n j**

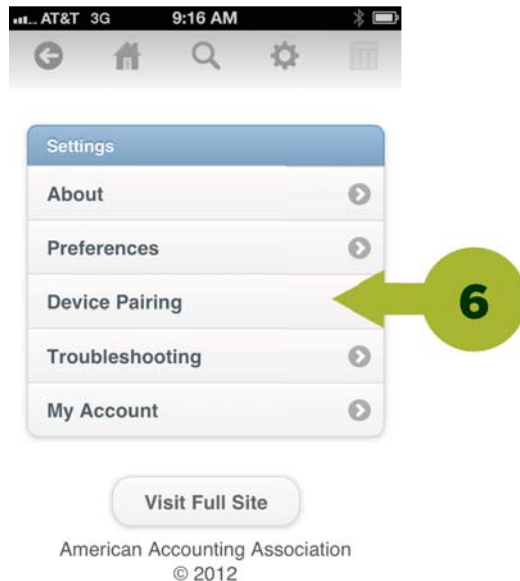

Your mobile device will be now be linked with your email address.

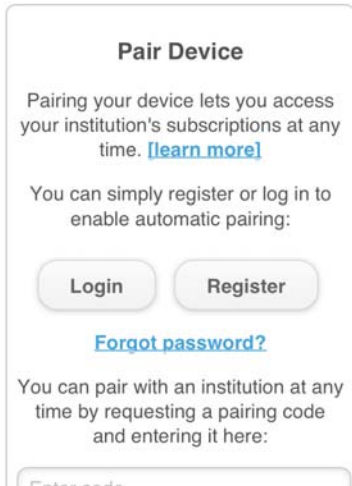

It will also be linked with your institution's subscription for a period of 30 days, after which you will need to re-register your mobile device.

5. Now you need to register this pairing code in your mobile device. To do that, go to the mobile Digital Library, and click on the “gear” icon at the top.

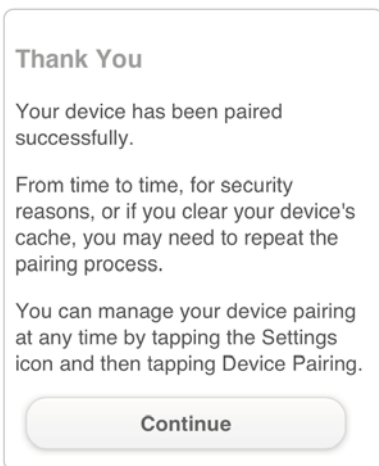

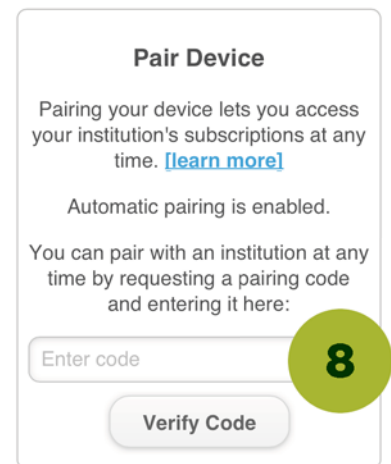

6. Click on Device Pairing.

7. Log into the Digital Library with your email address and password after clicking the “Login” button.

8. Enter in the pairing code you received in step 4 on the previous page.

9. You will receive a confirmation screen that let's you know you now have access to all of the Digital Library content that your library has subscribed to.

### Missing something?

Check with your library to make sure they subscribe to all of the AAA journals in the electronic form!!
