From Washington D.C. Meeting
October 15-17, 2010

Current Draft: November 9, 2010
What is the value proposition for a broadly defined accounting profession?
Who/what are our current/future markets for accounting information and professionals? What are the skills that future accounting professionals will require?
How do we attract adequate numbers of high potential, diverse students/talent into the accounting profession and retain these students throughout their educational and professional pathways?
Question #2

What should be the accounting educational pathways?
Question #3

How do we eliminate structural impediments or better align existing systems to enhance effective accounting education?
